NEW LED Fog Light Kit For GL1800 2018-

A true and effective fog light disperses their beam low, wide and far to allow increased visibility and safety in rain and fog. Big Bike Parts® delivers with their latest Fog Lights for the new 2018 GL1800. Rubber isolation bushings provide a stable, vibration free light just like the OEM. While they might look similar to the OEM, the LED's are brighter and the bezel has been designed from scratch to provide a wider and longer photometric for a safer ride. Includes OEM style matching switch and full Plug 'N Go wire harness. As with OEM, vertical adjustment is available for proper positioning.

NEW GT Tour Lower Cowl Light

Research has shown that adding additional functions such as daytime running lights and turnsignals to the new GL1800 fog light only takes away from the light envelope and function of the fog light. So Show Chrome Accessories® has created a special GT Tour Cowl Light that actually enhances your safety and visibility while working with not only OEM but Show Chrome Accessories® own 52-924 Fog Lights. This GT Tour Cowl Light set mounts to the corners of the lower cowl bringing unprecedented daytime running lights to the front as well as benefiting as a cornering light. Includes amber running lights as well as turnsignals. A subtle chrome accent makes this a decorative enhancement to the front cowl as well as a functional safety accessory. For Honda 2018 and newer.

NEW LampGard™ Headlight Protection

With 25 years of experience with their LampGard™ Headlight protectors, Big Bike Parts® adds the 2018 GL1800 to its touring fitments. With headlights getting more sophisticated, the new GL1800 is no exception and the replacement on a cracked assembly could set you back \$1,500 or more. Protect it with a hard Acrylic LampGard™ that attaches with custom hook and loop fasteners for ease of cleaning and impact absorption. Sold as pair and with custom high heat adhesive on the attached hook and loop, they will not slide, move or come loose.

NEW Beachcomber and Vantage Driver and Highway Boards for the 2018 GL1800

Show Chrome Accessories® offers a choice of comfortable and stunning matching driver and highway boards for the new 2018 GL1800. The Beachcomber Boards and now Vantage Boards which are designed to be both the best function and the best looks. The Beachcomber and Vantage Driver Board is recommended for the DCT models and mounts to the existing driver peg slot. The unique hinge design allows it to easily pivot up for tight cornering without hanging up. Includes Show Chrome Accessories® proprietary anti-rotation design for a secure locked in fit.

Combine with the Highway Boards for a coordinated best in class look and function, that mount to the case guard brackets for true highway board strength and comfort. A custom 1" clamp is contoured to match the unique shape of the 2018 GL1800 case guards, which allows for a secure fit. These highway boards do not mount to the engine or cylinder heads, so any damage is all but eliminated if tipped or cornered hard. Show Chrome Accessories® proprietary anti-rotation design allows 360° of positioning in 15° increments for rider comfort. Additional optional accessories such as their stepped offset #21-312 allows raising or lowering the board 1 1/2" as well as extending further out 2 1/2". All with 360° choice of positioning for true personal rider comfort. Use their optional Highway Lower Cowl Trim, to finish the look once the OEM case guard cover is removed.

Tridium Multifunction LED Fog Lights

Big Bike Parts® introduces the next generation of lighting to its market leading Fog Light System for the Honda Gold Wing®. Their new Tridium LED Fog Lights are 200% brighter providing more visibility than ever before with all new enhanced photometrics. A true fog light disperses their beam low and wide to allow increased visibility in rain and fog, as well as increased visibility of vehicles seeing you. None do it better than Big Bike Parts®. The Tridium Fog Light incorporates the latest automotive design with a true three function LED light, offering not only brilliant fog light illumination, but daytime running lights and turn signals to increase being seen and letting your intentions be noticed.

The Tridium LED Fog Light is fully adjustable, allowing you to place the light where you need it most. Rubber isolation bushings provide a stabilized, vibration free light that is water sealed for weatherproof assurance. They are easily installed and come with OEM quality illuminated switch, wiring and all needed hardware. These Tridium LED Fog Lights fit 2001-2010 non-airbag model GL1800 Gold Wing® when used with our BBP# 52-908 Chrome Lower Cowl with rectangular light knock-outs.

Driver Floorboards

Big Bike Parts® introduces a Driver Floorboard set for the GL1800 Gold Wing®, to replace the OEM pegs. These die-cast floorboards are finished with Show Chrome Accessories® bright chrome for an enduring beauty. An adjustable heel toe shifter makes shifting easy and a large brake pedal with heel rest complements the opposite side, making long rides more comfortable. The large 4 1/2" x 9 1/2" floorboards match the passenger OEM rubber pattern and can accommodate the cornering lug from the OEM pegs. These driver floorboards easily mount with the existing OEM peg mount hardware. Fits 2001 - newer GL1800 Gold Wing's including F6B.

Driver Peg for 2018 GL1800

Big Bike Parts® has two choices when it is time to replace those OEM stock driver pegs on your 2018 GL1800 Gold Wing®. Choose from the extremely popular 4" x 4" Mini Board or the more conventional Rail Peg. Both reuse the OEM spring making an easy upgrade without sacrificing OEM function and cornering. Rubber inserts stick up about 5mm above the surface providing extra grip. Big Bike Parts® anti-rotation design allows rotational adjustment providing positioning the surface exactly at the angle most comfortable for you and your riding style.

Belly Pan for Honda GL1800

Streamline and protect your undercarriage by adding a belly pan to your GL1800. While the primary goal of a belly pan is to protect softer undercarriage parts such as your coolant tank, there is added streamlining that provides a smoother air flow and contributes to less wind drag and buffeting at highway speeds. A custom engineered perforation pattern is incorporated to increase ventilation for better airflow. Made from aircraft quality aluminum and designed in two pieces to allow easier oil filter access. Edges are softened to minimize sharp edges. Made in the USA.

Deluxe Trunk Rack

Big Bike Parts® industry leading Deluxe Trunk Luggage Rack is perfect for your touring bike and is now available in their Black Satin finish in addition to their traditional Show Chrome finish. This generous 24" x 13" x 7 1/2" luggage rack easily accommodates the largest luggage bags and comes with a complete set of eight tapered mounting spacers for the top of the trunk as well as the inside trunk lid. These tapered black spacers allow the rack to more easily conform to the curve of the trunk and are recessed to allow the rack feet to sit into the spacer, helping spread the load over the trunk lid to alleviate stress cracking. The rubber washers under each spacer not only protect your bike's finish, but also assures a water tight fit to the trunk lid. The manufacturer's trunk specs should be referenced for loading limits. Receiver Hitch Rack

The Universal Trailer Hitch Rack is a generous 16" x 10 1/2" platform that will accommodate coolers, extra luggage, bags and more. A simple mounting bracket design uses your hitch ball as its mounting bolt with a custom designed washer that prevents movement once securely tightened. Works with most receivers up to 3" wide and fits balls with up to a 3/4" shank. Fits with both horizontal and vertical receiver hitch assemblies. Quick release design allows quick removal by simply removing the 2 locking pins and sliding the rack free of the mount to accept your trailer. Made from durable powder coated steel, this rack will give years of service and hold up to harsh road grime. Its open tubular design brings this durable rack in at barely over 6 lbs.

Brake Light Modulator

Big Bike Parts® Brake Light Modulator with universal fitment, is a compact aluminum housed modulator that converts your ordinary brake light into an attention-grabbing visual alert device, creating more visibility when braking. With the modulator installed, applying your brakes will cause your brake light to automatically emit a visual alert signal of 4-8 short light flashes depending on what mode you select. There are four easy to set visual alert modes: Mode 0 = 4 Flashes then Solid Brake; Mode 1 = 4 Flashes then 4 Second Solid Brake with Repeating Pattern; Mode 2 = 8 Flashes then Solid Brake; and Mode 3 = 8 Flashes then 4 Second Solid Brake with Repeating Pattern. Has a 10 amp capacity and attaches with double-sided adhesive tape.

Description	Part No.	Unit	MSRP
4 Mode Brake Light Modulator	16-201	Each	\$36.95

Universal Flasher

Flasher replaces stock mechanical flasher with a digital flasher that is not load dependant. This unit slows fast flash rate when replacing incandescent front and/or rear turn signals with LEDs. Item splices into flasher control wire harness.

Unit Fits Most Bikes (except GL1800)	13-305	Each	\$49.95

Driving Light Kit-LED or Halogen

Show Chrome Accessories® Driving Light Kit for the GL1500 offers an enhanced LED version along with its Halogen counterpart. The Driving Light Kit changes the lower cowl cornering light on GL1500 Gold Wing® 1988-2000 in to true driving fog lights. The new more efficient LED's includes two hi-intensity LED's that increase the candela output from the existing reflector by positioning the LED's exactly where they need to be to maximize brightness. True plug and play simplicity easily plugs into existing OEM wiring harness on all GL1500 Gold Wings. Replace the black rubber moldings with Chrome Trim Accents BBP # 52-573 for a true custom finish.

Windshield Cleaner & Polish

When customers asked Big Bike Parts® what windshield cleaner and polish they use, the answer was simple. After testing several cleaners extensively, Big Bike Parts® found Slipstreamer's plastic cleaner and polish to be the top performer due to its rich cream that easily cleans and restores the optical clarity of plastics. Its ease of use on all plastic surfaces, especially windshields, brings back the new luster so often lost with many other cleaners. Big Bike Parts® now offers this superb cleaner to all its customers.

Dual Function Fog Lights

Big Bike Parts® designs another market leading Fog Light Kit for the new 2018 Yamaha Star Venture / Eluder. Big Bike Parts® analyzed the OEM assemblies and dramatically increased the brightness with the use of better LED's and reflectors. Adding a day time running light within the fog light assembly through a splice to the key switch circuit, so when the fogs are turned off the day time running lights are still on. Utilizing the onboard OEM switch and switch wire harness makes the fog light portion plug-n-play with the included relay to complete the install process. These fog lights are both DOT and E-mark approved and deliver 6000K light.

Black Classic Tuxedo Tie for Yamaha Star Venture/Eluder

Big Bike Parts® expands the choices for the new Star Venture and Star Eluder with the Hopnel™ Black Classic Tuxedo Tie, with or without a pouch. Based on the location of the headset plug on the Venture and Eluder, the cord will quickly scuff the gas tank finish making the addition of a Hopnel™ Tuxedo Tie a necessity to protect your tank from wear. The Tuxedo Tie hook and loop cord keeper not only protects the tank from scuffs, but the Tuxedo Tie with pouch adds a great storage pocket for your cellphone, garage door opener or other conveniently needed items. Hopnel™ designed two options, one with and one without the pouch, to provide choices for riders. Provides a generous 8" x 4½" x 1½" EZ mount storage pouch. The Star Venture/Eluder Tuxedo Tie is tailored to fit under the forward gas tank shroud to match the natural lines of the bike well providing a secure fit, yet allowing easy removal for cleaning and service. Xtra Magnetic Tank Pouch

Hopnel™ Sewn Products has improved the extremely popular selling Magnetic Tank Pouch for cell phone and GPS units. The pouch size has been increased to give a full 4 1/2" width of access and 8" of length to more easily accommodate today's cell phones. Hopnel™ did not stop here though; they increased the magnetic pull by over 200%, giving this popular tank pouch even more holding strength in the harshest conditions. The new Xtra pouch uses six neodymium rare earth magnets with a combined pull strength of 39.6 pounds. This is a 220% increase over prior magnets. The location of the magnets have also been rearranged to ensure better contact to enhance holding strength. Works great on almost any steel gas tank. Made in the USA.

Universal Trike Rear Fender Bra

Hopnel™ has updated its fast selling Black Classic Trike Rear Fender Bra to include two choices of mounting. The screw in snaps are now optional. While snaps add a decorative flare, they are supplemented by a full width hook and loop alternative that goes across the top. Choose the adhesive backed loop for attachment to your bike or the snaps provided, or use both. These Trike Rear Fender Bras absorb the scuffs, scrapes, and scratches that plague the front of most rear trike fenders. Embedded steel straps wrap to the bottom of the fenders and two snaps or on hook and loop both hold the top.

Xtra Magnetic Tank Pouch

Hopnel™ Sewn Products has improved the extremely popular selling Magnetic Tank Pouch for cell phone and GPS units. The pouch size has been increased to give a full 4 1/2" width of access and 8" of length to more easily accommodate today's cell phones. Hopnel™ increased the magnetic pull by over 200%, giving this popular tank pouch even more holding strength in the harshest conditions. The new Xtra pouch uses six neodymium rare earth magnets with a combined pull strength of 39.6 pounds. The location of the magnets have also been rearranged to ensure better contact to enhance holding strength. Works great on almost any steel gas tank. Made in the USA.

EZ Carry™ Concealed Pouch

Concealed carry is made easy with Hopnel's™ new EZ Carry™ pouch system. Carrying while riding is a choice many of us make, but it can be uncomfortable, difficult to access, and hard to remove without brandishing. Until now, there hasn't been an easy way to transfer your protection from person to bike and still have it accessible. The new EZ Carry™ system from Hopnel™ puts an easily accessible concealed carry pouch on your motorcycle. Our Buddy Lock Tactical Mount makes attachment to the bike mount a snap and with a quick twist you can transfer the entire pouch with firearm concealed to the included belt holder, without the concern of brandishing. It actually looks like many of our other wearable pouches or nothing more than a fancy cellphone pouch.

The Sub-Compact EZ Carry™ pouch measures 6-1/2" x 4-1/2" x 1-1/8" and accommodates most sub-compact pistols such as: Ruger LC9 & LC380, Glock 42, Sig P938 & P238, Colt Mustang and S & W Shield.

The Compact EZ Carry™ pouch measures 7-1/4" x 5-1/8" x 1-3/8" for compacts such as Glock 19, 23, 29, 38 and 32; Ruger SR9c and SR40c; Sig P224, P239, P229.

All EZ Carry™ pouches are available separately or with mounts for Gold Wing, Can-Am RT, and Harley FLH. The pouch by itself, H50-111CCP and H50-112CCP, can fit all Hopnel™ Tuxedo Ties™ with the Buddy-Lock system, Pac-A-Derms™ or any other Tactical Buddy-Lock. Made in the USA.
